 Dataset folder contains the training and testing images for training our model.

⮚ We are building a Flask Application that needs HTML pages stored in the templates folder and a python script app.py for serverside scripting

⮚ we need the model which is saved and the saved model in this content is a nutrition.h5

⮚ templates folder contains home.html, image.html, imageprediction.html pages.

⮚ Statis folder had the css and js files which are necessary for styling the html page and for executing the actions.

⮚ Uploads folder will have the uploaded images(which are already tested).

⮚ Sample_images will have the images which are used to test or upload.

⮚ Training folder contains the trained model file.
